

GFWC

Holiday Open House

"Season of Giving"

The GFWC Holiday Open House on December 4, 2024, will come alive for a carefully planned and long-awaited celebration centered around the heartwarming theme, "Season of Giving!" It will beautifully portray the selfless gift that GFWC volunteers give year-round: the gift of serving others.

To make the event distinctive, each State Federation is invited to contribute one ornament between 4 and 5 inches in size which may be purchased or handmade. They will shimmer with silver, gold, white, and/or clear, or a perfect blend, creating a timeless elegance that captures the beauty of the holiday season. Pieces may feature designs, where the metallic hues intertwine to reflect light and add a touch of sophistication to the setting.

These ornaments will be the feature of a special holiday display honoring our GFWC States. Please observe the requested size and color scheme of silver, gold, white, clear, or a mixture, and send your ornament to be delivered to Headquarters no later than November 1. There is no need to label the ornament. A small tag will be used to identify your state gift. Please note that the ornaments contributed will not be returned.

This special collection will create a vibrant, cohesive tribute to the generosity and spirit of our members. Your participation will help us celebrate a season brimming with kindness, generosity, and service.
